NORTH KONA CELEBRATED

Joy Was Unconfined on Kamehameha Day.

WARM ATHLETIC SPORTS

A Ball at the Kailua Skating Rink Topped Off the Hours of Delight.

[Special Correspondence.]

KAILUA, HAWAII, June 13.—Kamehameha Day was celebrated in North Kona by sports and races held in Kailua. The whole countryside responded to the committee's invitation, and by 10 o'clock the largest crowd that Kailua has seen for twenty years had gathered at the beach to participate in the various events on the program. Several impromptu pony races added to the sports arranged for, and taken altogether the 11th of June was a "Red Letter" day for Kailua.

The excitement was especially high when it was rumored about that Mr. Alexander Cockburn and Judge Clarke were arranging a match race—"fifty yards and return if you can." The anxious spectators however were doomed to disappointment. Some one had suggested that "the race was not always to the strong" and each of the gentleman thought that he might lose on that account. The leading events were carried off by James Burgess, Geo. Ewaliko and Pat Cockett, Burgess winning in the putting of the 32-lbs. shot and the high jumping contest; Pat Cockett making the longest jump, while Geo. Ewaliko reached the tape first in the 100 yard dash; the 250 yard swimming race was won by Maunu.

A ball at the Skating Rink in the evening finished up the festivities. Following is the programme of the day's sport:

CENSUS TAKING NEARLY COMPLETE

The Result May Prove Disappointing as to Honolulu's Population.

When the figures are given out of the official census of Honolulu there will be many who have had an exaggerated idea of the population of this city who will be sadly disappointed. The work of taking the census is practically completed but nothing will be given out by those in charge here for the orders from Washington are strict on that score and the official figures will only be disclosed from that source.

It is quite likely, however, that Honolulu's size will found to be disappointingly small, in comparison with the figures given by the Citizen's Sanitary Committee when the census was taken in February. Since that time many Orientals have left Honolulu as well as many whites, owing to the plague scare, and moreover the census result announced at that time was probably much over the actual figures, as names were duplicated in some cases. The object of the former census was to ascertain the number of people actually in any district at that time while the Federal census aims to take the names of those only who have legal residences in any one district.

A. T. Atkinson, the special agent of the Census Bureau, says that the work of taking the census is nearly finished. It should have been completed before this time but owing to the many holidays that have intervened many of the enumerators had difficulty in finding all of the people in their districts, so the work will go on for a few days more.

THE NEW HOSPITAL.

Sum of \$110,200 Has Already Been Raised For It.

The sum of \$110,200 has been secured for the new hospital for incurables by ex-Minister Young, and as soon as two more subscriptions of \$20,000 are secured the work of erecting the structure will begin. Three subscriptions of \$20,000 have thus far been received, from Alexander Young, Wilcox brothers and H. P. Baldwin, and there are seven subscriptions of \$5,000 each, thirteen of \$1,000 each, several of \$500 and one \$200. The name of the new hospital has not been decided upon and it will probably be left to the subscribers to the fund.
